

AARUSH SHARMA

CYBERSECURITY & DEVSECOPS • COMPUTER ENGINEERING

Mumbai, India • iamaarushmohan@gmail.com • 4aru5h.in • github.com/4aru5h • linkedin.com/in/4aru5h

EDUCATION

Mukesh Patel School of Technology Management & Engineering (MPSTME), SVKM's NMIMS

Aug 2024 – Jun 2029

Bachelor of Technology (B.Tech Integrated) in Computer Engineering • Mumbai, India

- **Specialization Focus:** Cybersecurity, Penetration Testing, Network Analysis, DevSecOps pipelines, and Software Development.
- **Key Coursework:** Data Structures & Algorithms, Computer Networks, Operating Systems, Database Management Systems, Linux Systems Administration, Cryptography & Network Protocols.

TECHNICAL SKILLS

Cybersecurity & Tools:	Wireshark, Nessus, Kali Linux, Penetration Testing, Network Analysis, DevSecOps, Vulnerability Assessment, TCP/IP, DNS, SSL/TLS, Git, Bash CLI, MS Excel
Languages & Web:	Python, Java, C / C++, Kotlin, PHP, JavaScript, React, Node.js, HTML5, CSS3, Bootstrap 5, RESTful APIs
Databases & Systems:	MySQL, MongoDB, Linux / Unix Internals, Data Structures & Algorithms, Pinecone (Vector DB), LangGraph, Godot Engine

WORK EXPERIENCE

Google Developer Group on Campus — **Executive**

Aug 2026 – Present

SVKM's NMIMS MPSTME • Mumbai, India

- Direct developer initiatives, technical workshops, hackathons, and community tech events across campus.
- Lead technical sessions on security hygiene, Git version control, and modern web application development.

Complete Cinema — **Web Development Intern**

May 2026 – Jul 2026

Digital Media Publishing • Mumbai, India

- Architected scalable WordPress website infrastructure and integrated Node.js microservices for high-traffic media publishing.
- Optimized database query execution, reducing media asset loading times and streamlining content deployment lifecycles.
- Implemented hardened authentication endpoints and form validation to mitigate common web injection vulnerabilities.

ISA Tech MPSTME — **Web Design & Development**

Mar 2025 – Sep 2025

Collegiate Technology Committee • Mumbai, India

- Designed user-centered UI/UX prototypes in Figma and built responsive front-end components using React and Bootstrap 5.
- Developed high-reliability student event registration portals supporting real-time tracking and onboarding workflows.

Execelia Studios — **Beta Tester & Contributor**

Feb 2024

Independent Game Studio • Remote

- Beta-tested horror title *Elhosea*, diagnosing runtime bottlenecks, collision edge-cases, and memory leak vulnerabilities.
- Engineered optimization scripts and debug patches in Godot Engine to ensure optimal 60 FPS performance on Windows devices.

CERTIFICATIONS & ACCREDITATIONS

- **Google Cybersecurity Professional Certificate** — Google (SIEM Tools, Packet Inspection, Threat Intelligence, Python Automation)
- **Cybersecurity & Ethical Hacking** — iHUB Divyasampark, IIT Roorkee (Penetration Testing, Wireless Security, Nessus, Kali Linux)
- **CS50x: Introduction to Computer Science** — Harvard University (C, Python, Algorithms, Memory Management, Data Structures)
- **RAG Systems & Agentic Workflows with Pinecone and LangGraph** — Board Infinity (Vector Databases & Agent Pipelines)
